

# FRANCESCO DI DONATO

## CODER

### ABOUT

I like to spend a lot of my time finding ways to build my future. I found in programming a free world where knowledge is free and shared. I'm going to go deeper and deeper into the world of front-end.

### WORK EXPERIENCE

#### Ostelzzz srl

<http://www.ostelzzz.com>

February 2019 – Present

#### Receptionist front desk

In addition to bringing me to a better understanding of the English language, it is allowing me to self-finance my web developing studies. This job allowed me to know the working reality immediately after the academic one.

#### Highlights

consulting/helping internal web development department

Customer service

Staff organization

International Context

#### Fem2-Ambiente srl

<https://www.fem2ambiente.com>

September 2018 – November 2018

#### Intern

#### Highlights

Bird sexing by genomic analysis

Chemical, physical, bacterial analysis of water samples
